MEQI-50&63 Profile Modification & LC Accessory Adjustment

Thank you for your continued support and promotion of Mindman products. Please be advised that the specifications for the following product will be modified. We apologize for any inconvenience this may cause and greatly appreciate your understanding and cooperation.

1. Model

MEQI-50/63

2. Reason

The contour dimensions of the front and rear parts have been slightly increased. Even without LC accessories, they can be directly installed onto the customer's equipment without interfering with the cylinder tube. The external design of the LC accessories has also been adjusted simultaneously to ensure that original customer dimensions remain unaffected.

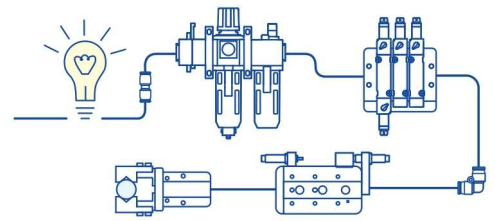

3. Change Description

- a. Dimensional details are provided in the attachment.
- b. The new MEQI-50/63 profile requires the new LC accessories and is incompatible with legacy LC accessories.

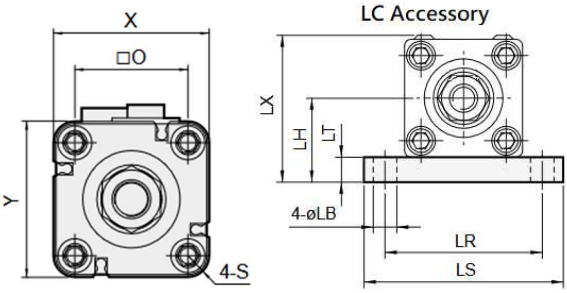

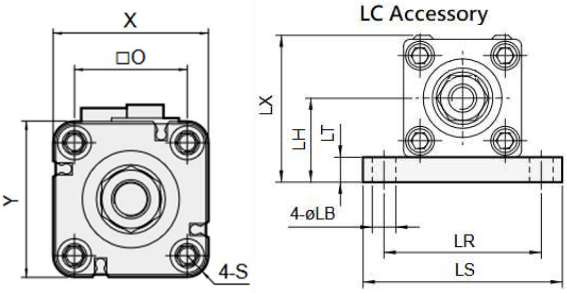

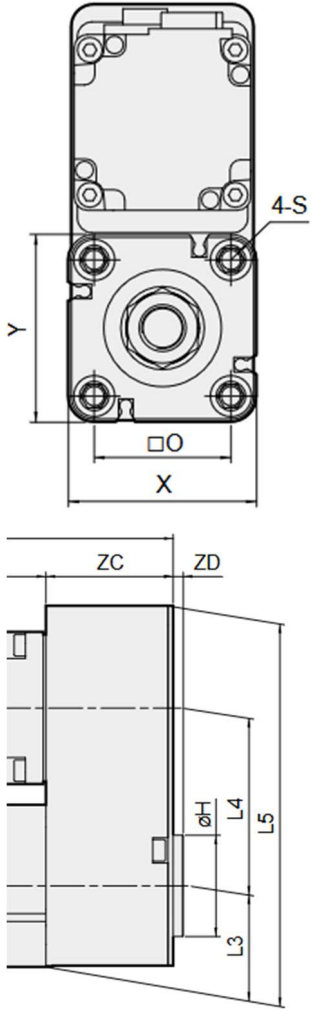

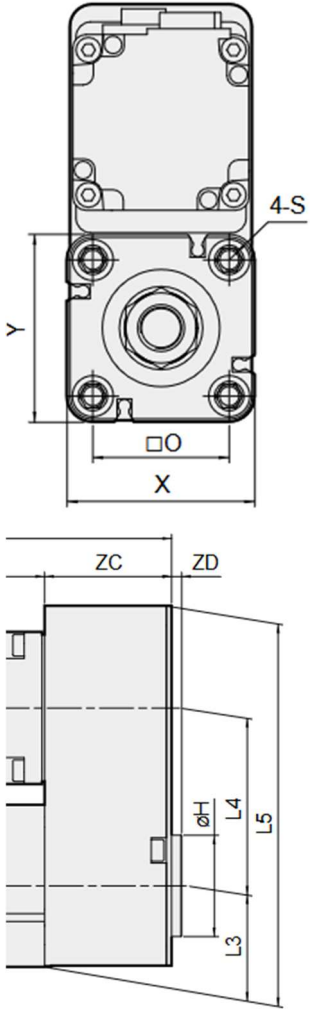

4. Effective Date

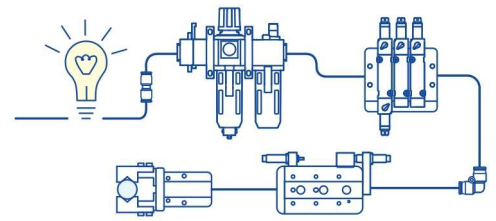

Effective immediately.

- 5. For inquiries, please reach out to our sales department.
