## Air Treatment Unit

## Notification for adding order code "R"

Thank you for supporting Mindman products. The design change will apply to the following models. Sorry for any inconvenience may occur. Please kindly understand and cooperate.

1. Model series

MACT、MACP、MACC、MAFR、MAR、MAIR、MAF、MAL、MAM\*、 MVHR (Except for MAF900/901、MAL900)

- 2. Design change reason
  - (1) In response to market demand, a new flow direction "right to left " specification is added, and the order code is " R".
  - (2) The specification of MAM\*-QR (with differential pressure indicator and switch) avoids the similarity with code "R", and the code is changed to "QS".
- 3. Change descriptions

See next page.

4. Effective date

Effective immediately.

5. If there is any questions, please contact our sales department.
