

2D/3D CAD download 【Procedure Demonstration】

Please log-in

 Anonymous login

! Caution

- Anonymous Login allows you to download 2D/3D files without an account.
- Please confirm the accurate product model number before generating the 3D model files.
- Also check the dimensions and tolerances from our newest catalog first since the profile of the 3D models are simplified for faster generating.
- If there is any specific dimension or tolerance not referred in our catalog, please contact our sales department.
- Simple Guide : Select the required product model number → Select "CAD download " at the left-bottom corner → Select the drawing format → Start download → Download
- Video Guide : 2D / 3D downloading procedure demonstration.
- PDF file : 2D / 3D downloading procedure demonstration.
